## *OUR CULINARY STORY*

Inspired by Executive Chef Martin Maginley's philosophy of 'Light, Clean, Caribbean Cuisine', Round Hill delights in offering the freshest, most authentic Jamaican ingredients and the best flavours of the island.

As part of our commitment to maintaining a sustainable environment and showcasing the best local produce, our on-site organic garden provides the kitchen daily with fresh herbs and vegetables which are infused and incorporated into our culinary offerings. The garden is located at the top of the bluff with sweeping views of both Round Hill Bay and Montego Bay as well as an ever-present cool, Caribbean breeze. Take your culinary journey a step further and experience a private chef's lunch in the garden or take a leisurely stroll or golf cart to visit the site.

In addition to our on-site garden, we are also proud supporters of the One Love Learning Foundation's School Yard Garden Project where students at two nearby primary schools cultivate crops such as kale and arugula. We in turn purchase this produce from the students and incorporate them into our daily dishes for your enjoyment.

*Timeless elegance. Understated luxury.  
Warm Jamaican heart.*
